INTRODUCING iQ PRODUCTS

POWERED BY  **Bell**
SENSING TECHNOLOGIES™

iQ™ products integrate proprietary BST sensors that turn some of Bell's most popular products into powerful 24/7 rodent data gathering machines. Using Bell Sensing Technology, PMPs will now be able to know **everything** about the rodent activity occurring at their accounts.

iQ PRODUCT LINE UP

Protecta **EVO** **EXPRESS** iQ

TRAPPER 24/7 iQ

TRAPPER **T-Rex** iQ

SENSING TECHNOLOGIES™

INTEGRATED SENSORS

- Record activity
- Generates time stamps
- Know when & where rodents are traveling

OPTIMIZED MOBILE APP

- Collects data from sensors
- Interprets results by filtering out noise
- Fast recordkeeping

A subscription fee of \$15/month is charged per user of Bell Sensing Technologies iQ App. Can be used at unlimited accounts and with unlimited devices. First 90 days are free. No monthly charge for Portal access.

CUSTOMIZED PORTAL

- Define rules
- Review data
- Monitor results
- Communicate with customer

TREND ANALYSIS

Once activity has been uploaded from the APP to the PORTAL, it is simple to review the account history to determine both short-term and long-term trends. Customize the date range and instantly analyze the data to begin problem solving at accounts.

QUICK START GUIDE

LET'S BEGIN SENSING

- 1 Go to www.BellSensing.com
- 2 Click on Customer Log In button in top right hand corner
- 3 Create new user account
- 4 Follow set-up steps to create your own personalized Bell Sensing Technologies portal
- 5 Arrive at account and deploy iQ™ products
