

GreenWay Spider & Silverfish Traps INS22020

GreenWay products trap insects without the use of pesticides.
GreenWay traps are: Ready-to-use, Long-lasting, Child and pet safe, Non-toxic

GreenWay Spider & Silverfish Traps capture spiders and silverfish plus many other crawling insects. Spiders and silverfish can be found in areas with high humidity levels, such as bathrooms, basements, attics, laundry rooms, and beneath sinks.

Replace traps every 2 months or when the trap is full. Store unopened traps in a cool, dry area. Traps can be used year round. Each unit contains 6 pre-baited traps.

Additional GreenWay products:

Clothes Moth Traps • Pantry Patrol Insect Traps • Food Moth Traps • Fruit Fly Traps • Window Fly Traps

Our Promise

GreenWay is committed to solving pest problems by offering alternatives to traditional pesticides.
