

# VOID IN YOUR LIFE?

## FILL IT WITH PROFOAM® PLATINUM

In pest control, you want a foam that expands quickly to fill the void, and then dissipates to deliver your product to the surface you are treating. Foam that lasts a long time is great if you're doing dishes, but in pest control, you need to deliver product to the target site. ProFoam Platinum delivers the quality foam you need and is compatible with any pesticide. It's non-repellent & non-ionic, pH balanced and not on California's Prop 65 list.

Remember, always read, understand and comply with the label. ProFoam is a registered trademark of NPD Products Ltd. and is manufactured and distributed by Nisus Corporation. ©2018 Nisus Corporation #PF-FLY-0518

### APPLICATION:

Use in any foaming machine with any pesticide or drain cleaning agent. Adjust quantity to get desired foam consistency from wet to dry.

### TARGET PESTS:

ALL PESTS

CREATING A WORLD  
OF SUSTAINABILITY.
