

614 SLIM™

MULTI-CATCH MOUSE TRAP

The SLIM™ is a narrow profile, multi-catch mouse trap. The SLIM™ can be used with or without a glue board and can be placed in locations where typical light-gauge metal traps cannot fit or hold up—in warehouses between pallets, in offices between filing cabinets, and in kitchens between and behind appliances. The SLIM's™ polycarbonate construction is extremely rugged, durable, and proudly made in the USA.

Packed
12 Traps per Case

Trap Size
2.5 x 2.25 x 16"

Extremely durable polycarbonate construction.

#72TC3

Use with convenient replaceable glue boards, Catchmaster® #72TC3.
