

EVERGREEN® PYRETHRUM DUST

EverGreen® Pyrethrum Dust is a botanical insecticide dust that delivers fast kill for a broad range of target pests, including Bed Bugs.

- Contains pyrethrum – a botanical insecticide derived from a chrysanthemum-like flower
- Controls over 230 insects and pests including Bed Bugs, Fleas, Ants, German Cockroaches, Yellow Jackets, and Wasps
- Indoor and outdoor use
- OMRI listed for organic facilities

Product Specifications

Signal Word	Caution
Packaging	10 oz. dusting bottle (6 per case), 3 lb. dusting bottle (2 per case)
EPA Registration Number	1021-1871
Food Handling	For use in food and non-food areas
Stability of Undiluted Product	Not applicable – dust
Stability of Diluted Product	Not applicable – dust
Appearance	Off-white colored powder
Odor	Slight odor of pyrethrum
Active Ingredients	Pyrethrins
Flammability	Classified as a non-combustible solid
Mode of Action	Sodium channel modulator – disrupts insects' nervous system
Class of Chemistry	Pyrethrins
Respirator Required	Not required
Mix or Dilute in	Use alone – do not mix with other dusts or insecticides
Activity	Contact kill and flushing
Shelf Life	2 years in original commercial packaging

Use Areas

Indoors in Food and Non-food Areas, such as:

Homes
Apartments
Hotels
Restaurants
Food processing facilities
OMRI-certified facilities
Stored product areas
Wall voids
Voids in attics

In and Around Animal and Livestock Facilities including:

Beef barns
Dairies and dairy barns
Horse stables and barns
Poultry houses

On-animal Use for the Following Domestic Animals:

Beef cattle
Dairy cattle
Horses and other livestock

Outdoor Use in and Around Areas, such as:

Beneath decks building
Perimeters
Gardens
Kennels
Nurseries
Outdoor eating facilities

Indoor and Outdoor Use on Landscape/ Ornamental Plants Method of Application

Method of Application

- Void treatment.
- Crack and crevice treatment.
- Spot treatment up to 2 feet x 2 feet.
- Building perimeter treatment.
- Use bottle dust applicator, hand pump duster, bulbous duster, or other hand-operated duster. Do not use power duster.

Best Practices when using EverGreen® Pyrethrum Dust

Use EverGreen Pyrethrum Dust as part of an IPM program

Use EverGreen Pyrethrum Dust in conjunction with other IPM strategies including the use of Onslaught® Microencapsulated Insecticide and Bedlam® Insecticide for Bed Bugs.

Apply this product only as specified on the package label

During application, do not apply this product in a way that will contact adults, children, or pets, either directly or indirectly through drift.

Remove pets, birds, and cover fish aquariums before application

Clean-up

For indoor spot treatments in areas that adults, children, or pets could come in direct contact with the product, vacuum up remaining dust and dead insects after treatment.

Outdoors

- Do not apply directly to or near water, storm drains, or drainage ditches.
- Do not apply when windy.
- Before widespread application to plants, evaluate the phytotoxicity to plants by treating and observing a limited number of plants for 10 days.

Key Insects and Pests Controlled

EverGreen Pyrethrum Dust is labeled for control of insects and pests including:

Adelgids
Alfalfa Weevil
Almond Moth
American Black Flour Beetle
Angoumois Grain Moths
Ants
Aphids
Apple Maggot

Always read and follow label and MSDS directions.
