

THE DOMINANT® BAIT STATION –

# OH, SNAP!

SNAP • LOCK • PLACE

DominAnt is a super sweet liquid formula that ants love! And the bait station is easy to use because no scissors or knife is needed – just snap open the bait station, lock the lid and place the station near trailing ants. Place multiple stations to open multiple feeding paths into the colony. Ants will abandon almost virtually any food source for DominAnt. They take DominAnt back to the nest and feed the colony, killing the colony and the queen.
