- Stores
- Supermarkets
- Warehouses

## ABOUT THE ACTIVE INGREDIENTS

EcoPCO<sup>®</sup> WP-X features pyrethrins, a botanically based insecticide that is derived from the chrysanthemum flower. This active ingredient has been used for thousands of years to control and repel insects. Effective control is further provided by combining Thyme oil and 2-Phenethyl Propionate into the formulation.

## FEATURES

- Quick knockdown and kill
- Water soluble pouches
- Broad-spectrum control
- Made from botanically derived ingredients

## BENEFITS

- Non-staining formula
- Indoor and outdoor use patterns
- Long residual protection
- Botanical product provides the flexibility to use in sensitive areas

## AVAILABLE SIZES
